# Innovative Global Education

[www.innovativeglobaled.org](http://www.innovativeglobaled.org)

We thank the **Australian International School, Singapore** for their generosity in hosting this conference.

At **IGE** we recognize that successful models and approaches involve forming **relationships** and **collaborating** to ensure **sustainable** success for innovation and development for education today and tomorrow. At IGE we provide a wide range of professional learning options and services to meet the needs of individual educational settings. With the opportunities for global communication, IGE aims to work with educational organizations to support the ongoing development of their professional learning community.

## Our Mission

To ensure **sustainable** educational innovation by providing **creative** and **practical solutions** for present and future; working with schools, educational organizations and training centres. IGE will meet the individual needs of your organisation through **flexible, diverse and personalized** services. We will work with you in an ongoing basis for effective implementation and innovation.

We work in partnership with:

1. Teachers
2. Schools
3. Leadership Teams
4. Teacher Training Institutes
5. Parents
6. Students
7. Other Organisations

Through establishing relationships with educational organizations, we are able to tailor professional learning to suit the individual needs of all organizations. Such professional learning may include training courses, workshops, mentoring, coaching, planning with teams and curriculum development.
